Announcements — FAA PACE program 12 March—Doug's Hangar

From the President's Corner—Bill Barrett

Now the paper work is done. It is time to have some fun. On the 12th we will have our first event for the year. I'm pretty Jazzed about it myself. Our committees have worked hard to put this event together. We have received excellent response to the emailing though Chapter 1073 many thanks to

Tim LoDolce. I have received calls from people on the airport that didn't even know we exist. One gal from the 99's called and she was so excited. Offered to come out with some of her friends and work with the kids. Setup a static display and give ground

instruction. So far we have about 7 pilots. Some local and some are making a weekend trip up to help us out. The Gabbs High school group is expected to bus up about 20 kids. We could use all the help

Meeting called to order 1830hrs by President Bill Barrett. We went over procedures and agenda for Young Eagles Program. Along with letter to Skip Pollock about how we will be handling this program. Detailed discussion ensued to try and work out as many "kinks" as possible before the

actual Y.E. flying day. Also, tentative alternate (incase of rain) date is May 21, 2005.

Dave Willbern, generously offered his digital camera and printer to cut down on our cost of producing Y.E. pictures for the kids. 501c3 project is on hold right now. Continued to discuss potential clubhouse. 99's offered to give a free mini ground school to the Y.E. kids. Meeting was adjourned @2055hrs

We are quite thrilled to be seeing that beautiful sun shining once again and hearing "airplane music" overhead! Until next time...

we can muster. Lots to do: ground , registration, cooking, people control and new people to meet. So come on out lend a hand. We are going to have a good time, food and great people.

I would like to announce that both the Air Race foundation and the Stead Tenants association have voted to donate money to assist us in our activities. Our local FBO , Aviation Classic Ltd. Alby Redick has offered their truck and driver to provide fuel to our pilots at pump prices. We will be providing fuel for our Y.E. pilots. Also breakfast will be free to pilots, their crews and the volunteers of the event.

The club house. This consists of office space 12' X 60' in the back of the 3rd. hangar west of the bleachers. It has 3 rooms and electricity with separate entrance. We are down to the final details before we are ready to put it to a vote. If the numbers are in by the next general meeting, ee will discuss the details and vote on it. Your opinion on this does matter.

It is now March, membership renewal is important. Please remember that you must also be a member of the EAA and when filling out your renewal please include the expiration date. We are hoping top get the website back up and running this month. Details to follow.
Lets do some good and have fun doing it.

Bill Barrett, President Chapter 1361
